President's

Address

Greetings and Happy New Year:

This year is going to be a very interesting year. My position as your president is to lead; but a leader is only as good as his followers; for through them power is given and wisdom is gained. That is why I am calling on all of you regular members and members whom I've never met, to come out and help our chapter flourish in 2009. We've been dealt some pretty bad times throughout the past years, but it's time to put the past behind us and look to the future and what this great organization has to offer every single one of you. We have a strong and knowledgeable board this year to help navigate our members to success this year. We are going to be facing big challenges this year including member recruitment and project funding. We need to open our chapter to the community to provide development opportunities that empower young people to create positive change. By providing these opportunities we can bring new life into our chapter.

As all past presidents and board members have said we need new project ideas. The board this year has a new outlook on this concept. If you have a project come run it, we don't care much what it is (within reason). We will stand behind you and help you make it a continuing project in our chapter. The best thing about new ideas is that they are fun!

So, I urge you to come out to meetings and see how we've changed. I will be instituting member incentives at meetings and weekly attendance prize games this year starting in February.

So come out, you'll never know what you can win.

Also, welcome with me your 2009 Board of Directors:

Chapter Management VP: Joe Rick

Individual Development VP

Hey everybody! It is I, your Individual Development VP. I thought I'd kick the year off right, and actually turn in a news letter article, to prove to you how serious I am about putting the fun back in our organization. I am on bended knee, begging you to bring me your project ideas, contact info for interesting speakers, even play-doh and craft paper could make for an interesting time. So let's remember why we used to have the reputation for being the partyingest chapter in the party region!

Gabby Lawson 2009 ID VP.

COB

Welcome to 2009 everyone. I am so excited to see what we can do this year. The board is looking to put some of the fun back into the Jaycees this year. There has been talk of themed meetings (pajama party?) and I am looking into bringing back the Frequent Worker Auction.

The Frequent Worker Auction is the first Jaycee event I ever attended. As a perspective member, I was given a few hundred Jaycee bucks so that I could participate in the fun. My friend Gabby (who had dragged me there that night) and I pooled our "cash" and were able to go home with several fabulous prizes. We had so much fun with bidding wars over mysterious items hidden by paper bags. The key to this project is participation in projects, meetings, and visitations to other chapters. The more you do, the more money you will have to spend at the auction.

I hope to see you all out and about this year, and don't forget to sign the attendance sheets.
