Shawn has done an outstanding job this trimester and all year tracking each member's involvement. At each project and/or meeting, Shawn documents who was there. This is very important as our Monthly Membership Drawing is based on his records. Shawn attend all meetings and all projects. He is always willing to go on a visitation to another chapter's meeting or project. During this trimester, Shawn co-chaired our annual Scavenger Hunt. He reported on this project at all our meetings, made sure that we had the park pavilion booked for that day and helped with registration and refreshments the night of the project. Shawn kept in contact with his co-chair and made sure all the bases were covered for the project. Unfortunately, the weather didn't cooperate that evening and turnout was low, but it certainly wasn't a reflection of Shawn's efforts. Throughout this trimester, Shawn also attended the September Regional, our Monthly BBQ, Kid's Halloween Party, Elementary School Fall Fest, the DARE ride, Monday Night Football Party, Casino Bowl, 9 Pin No Tap Tournament, Whiskey Flats Fest and all of our regular meetings. I can always count on Shawn to be there. I hope you see all the contributions Shawn makes to our chapter and recognize him as **Outstanding Local Jaycee of the 3<sup>rd</sup> Trimester.**

Sandy has been like my right hand woman this past trimester. Sandy has taken a positive role and has tried to motivate the membership into recruiting and getting new blood into this organization. To help with this she organized our Vegas M-night, which was successful in recruiting one new member, and got two prospectives interested in joining. She has also attending both our general meetings each month along with attending board meetings to give advice and suggestions. She also has helped out in evaluating our budget and financial situation. She has been a great asset and loyal Jaycee. Sandy 1<sup>st</sup> Trimester Jaycee
